# Customization tab

**Overview**

Use this tab to add custom CSS styles to your site.

**To Access**

From the Look and Feel Admin page, click the **Pagination Links** tab.

| Option | Description | Default |
|---|---|---|
| Custom CSS | Additional CSS rules can be entered here and will apply to all pages, or the CSS ID of a page can be used to limit the scope of the rule (check the HTML source of the particular page to find its body ID tag.) | None |
| Custom HTML head content | Additional content such at meta or link tags can be added to the head section of HTML files. Smarty filters can be used here. *Example: {if $page eq 'Slideshow'}{literal}yle type="text/css">.slideshow { height: 232px; width: 232px; }{/literal}{/if}* | None |
| Custom code just before the closing </body> tag | Enter lines here to be placed near the end of the HTML file. | None |
| Google Analytics account number | The account number for the site. The account number from Google is something like UA-XXXXXXX-YY or G-XXXXXXXXXX. *Enter the account number with prefix (prefix eg: "G-" or "UA-")* | None |
| Custom JavaScript | Includes a block of inline JavaScript after the inclusion of jQuery and other JavaScript libs in all pages. *Use PluginJS to include Javascript on a single wiki page.* *Do not include the < script > tags.* | None |
| Add group CSS info | Either grp_Anonymous or grp_Registered and possibly grp_Admins as well *Add CSS classes to the page BODY tag based on the user's group membership* | Enabled |
| Categories to add as CSS classes to <body> | Pages in selected categories will have a class with syntax like "cat_catname" added to the body tag. | None |
| Theme Customizer tool | Activate the theme customizer tool to enable easy theme customization. | Disabled |
| Edit CSS | Edit CSS files directly in the browser. *May not be functional in Tiki 14+* | Disabled |
| Tiki template viewing | *May not be functional in Tiki 14+* | Disabled |
| Edit templates | *May not be functional in Tiki 14+* | Disabled |
| Editable Icons | Edit icons with the icon picker No | Yes | No |
