

User Wizard

This wizard will help users to fill in the main settings for their accounts in that website. Depending on the features enabled by the site admin, users will have more or less options available.

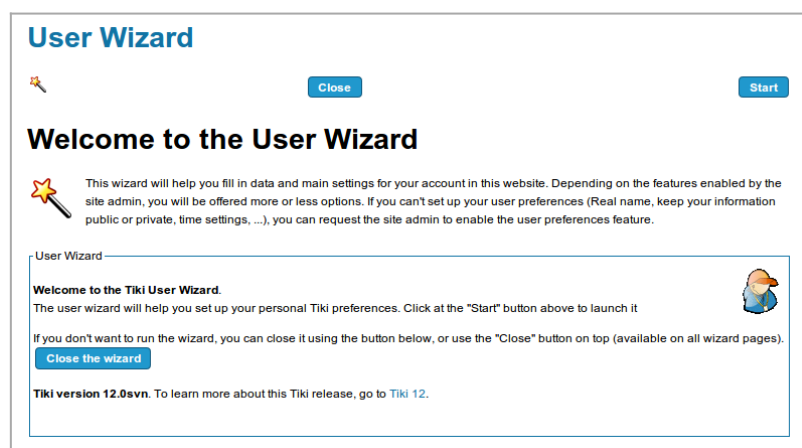

Enable the feature

The User Wizard feature can be enabled at:

- **"Admin home > Community > User Features > User Wizard"** (tiki-admin.php?page=community) or at the Admin Wizard:
- **"Configuration Wizards > Admin Wizard > Set up User & Community features > User Wizard"** (tiki-wizard_admin.php?&stepNr=17&url=index.php)

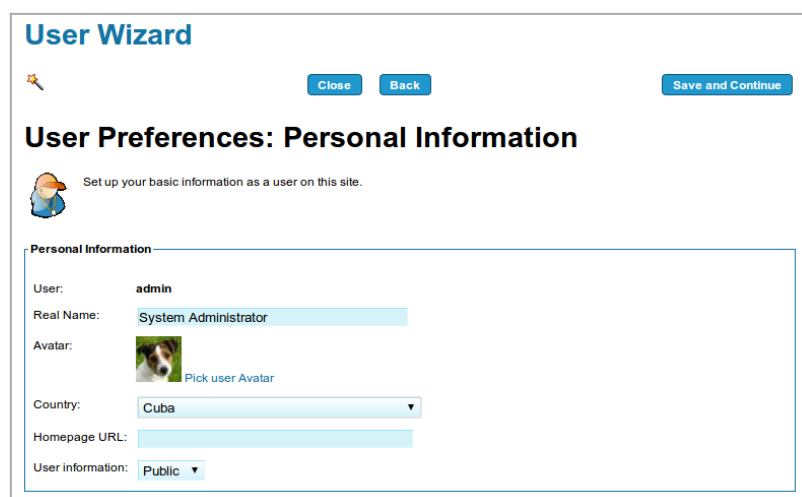

Screens

Some of the screens shown to the user (when all the corresponding features are enabled beforehand by an admin):

The screenshot shows the 'User Wizard' welcome screen. At the top, there is a title 'User Wizard' in blue, a 'Close' button, and a 'Start' button. Below the title is a heading 'Welcome to the User Wizard' followed by a paragraph explaining the wizard's purpose. A star icon is next to the text. Below this is a section titled 'User Wizard' containing a sub-heading 'Welcome to the Tiki User Wizard.', a paragraph of instructions, a 'Close the wizard' button, and a link to 'Tiki version 12.0svn'. A small cartoon character icon is on the right side of the instructions.

The screenshot shows the 'User Preferences: Personal Information' screen. At the top, there is a title 'User Wizard' in blue, 'Close' and 'Back' buttons, and a 'Save and Continue' button. Below the title is a heading 'User Preferences: Personal Information' and a sub-heading 'Personal Information'. A paragraph says 'Set up your basic information as a user on this site.' with a cartoon character icon. Below this is a form with fields for 'User:' (admin), 'Real Name:' (System Administrator), 'Avatar:' (with a picture and 'Pick user Avatar' link), 'Country:' (Cuba), 'Homepage URL:', and 'User Information:' (Public).
