- RSS Config
- PluginRSS

Option	Description	Default
Fetch page content from incoming feeds	Page content from the source will be fetched before sending the content to the generators.	Disabled
Tracker for articles	Have a tracker to supplement article information	Disabled
Tracker ID of tracker for articles	A tracker for articles must contain an "Articles" field	None
Index article info in tracker item	Sets whether the article info should be indexed in the tracker item. This automatically sets the article field to read-only and sets up categorization synchronization between articles and tracker items.	Disabled
