

Module since_last_visit

This Module displays the number of new items (wiki pages, uploaded images, and so on) that have been added since your last login. If there are no new items, Tiki will simply display: **0 New Items**.

Note: This module is similar to the Module since_last_visit_new.

Parameters

Displays to logged-in users the number of new or updated objects since their last login date and time.

Parameters

no parameters

Usage

You will see it listed at "Admin > Modules > Assign new module > Module Name (drop down)" (**tiki-admin_modules.php**).

You can assign this Module to a lateral column (See Module Admin page if needed), or you can include it within a wiki page, using the PluginModule.

The assigned module looks like this:
