This is a stub. You can fill it in.

- Features under MyTiki section can be set at "**Admin > Features**", under "**User features**" section.
- This has moved in Tiki 7.x

Features under MyTiki section can be set at "**Admin > Community**", under "**User features**" section.

The screenshot shows the 'User features' settings page in the MyTiki Admin interface. The page has a light blue background and a dark blue header bar with three tabs: 'User features' (selected), 'General Settings', and 'Friendship Network'. Below the header, there are two columns of settings, each with a checkbox and a label. Some settings have a green checkmark icon next to them, indicating they are enabled. At the bottom of the page, there is a dark blue button labeled 'Change preferences'.
