

Plugin Color Box

This wiki plugin, introduced in Tiki5, is used to display one image of a file gallery or image gallery and when you click on it, it opens a popup/slideshow of all the images of the same gallery. The slideshow is done by the colorbox library.

Parameters

Display a gallery of images in a popup slideshow

Introduced in Tiki 5.

[Go to the source code](#)

Preferences required: feature_file_galleries, feature_shadowbox, wikiplugin_colorbox

Parameters	Accepted Values	Description	Default	Since

thumb		Display as a thumbnail or full size.	y	5.0

Example

This code:

```
{colorbox fgalld="6" thumb="y"}
```

Would produce on this site:

Tips

- To have a localized description, you can use the param `parsedescriptions` and use `{LANG(lang=en)}xxxx{LANG}{LANG=fr)}yyy{LANG}`
- Users require the permission `tiki_p_view_file_gallery` on the file referenced in the plugin.
