

# Semantic search

New in Tiki27

Usable via PluginSemanticSearch

This is collaboration between Textualization and EvoluData.

Initial commit:

- [https://gitlab.com/tikiwiki/tiki/-/merge\\_requests/4460](https://gitlab.com/tikiwiki/tiki/-/merge_requests/4460)

The following libs were developed for this:

- <https://packagist.org/packages/textualization/semantic-search>
  - <https://packagist.org/packages/textualization/sentence-transformers>
    - <https://packagist.org/packages/textualization/roberta>
      - <https://packagist.org/packages/textualization/roberta-tokenizer>
        - <https://packagist.org/packages/textualization/sentencepiece>
