Old Business:
Sticky Login
Motion Whereas -it is annoying to have to traverse from the home page back to where i was when i decided to login, we should change the site config and layout such that:
a) login box is in the top bar (like two)
b) logging in does not return the editor to the homepage.
DT: I see as low priority, but if you can get someone to do the work MLP: I will do it or have it done if it is approved.
Demonsta harra mana
Renovate home page
DT: Home page was just cleaned up by ricks99. Please post a specific proposal to the dev list. MLP: Decisions by email? (shudder). Wiki developers, eat thine own dogfood? MLP: next home page - the prototype.

Upgrade to tikiwiki 1.10?
Whereas: 1.10 allows - edit by section, redirect, advances in admin and groups, freetagging, etc. Motion: The EB recommends moving on to 1.10
DT: Marc hosts the site, IMO, it's up to him when the upgrade gets done. MLP: Ok I will ask marc.
Theme project.
Motion: Mike will be tasked to work with Marc and (Gary?) to work on a new theme for doct.two - on a test site first.
DT: There are several themes available on themes.tw.o? Can't we just make them selectable? MLP: Selectable is ok. Maybe just a change to top_bar (see above). Perhaps having a demo on a test site would be a good thing to do before putting ths to a motion?
Tabled: So as to put the theme before the motion.
Redo modules and menus.
DT: Modules and menus were just re-organized by ricks99. Please post a specific proposal to the dev list. MLP: see above.

Articles expire
Motion: Set all articles to expire after 30 days.
no more than the last three on the main page.
DT: Or expire after 30 days? MLP: So amended.
New Business
Introduce a Basic Docs Project

Simple Rules for the Editorial Board

Moved that the following heading be sufficient rules for an EB meeting.

This is a meeting of the Editorial Board - it runs online from March 1 to March 31st. Undecided motions are carried over to the next month. Passing a motion requires 50% plus one of the current members. Members who miss two consecutive meetings are no longer considered current.

in favor: mlpvolt

Next meeting: April
