

Semantic search

New in [Tiki27](#)

Usable via [PluginSemanticSearch](#)

This is collaboration between [Textualization](#) and [EvoluData](#).

Initial commit:

- https://gitlab.com/tikiwiki/tiki/-/merge_requests/4460

The following libs were developed for this:

- <https://packagist.org/packages/textualization/semantic-search>
 - <https://packagist.org/packages/textualization/sentence-transformers>
 - <https://packagist.org/packages/textualization/roberta>
 - <https://packagist.org/packages/textualization/roberta-tokenizer>
 - <https://packagist.org/packages/textualization/sentencepiece>
