Semantic search

New in Tiki27

Usable via PluginSemanticSearch

This is collaboration between Textualization and EvoluData.

Initial commit:

• https://gitlab.com/tikiwiki/tiki/-/merge_requests/4460

The following libs were developed for this:

- https://packagist.org/packages/textualization/semantic-search
 - $\circ \ https://packagist.org/packages/textualization/sentence-transphormers\\$
 - https://packagist.org/packages/textualization/ropherta
 - https://packagist.org/packages/textualization/ropherta-tokenizer
 - https://packagist.org/packages/textualization/sentencepiece
